

LATE DANCING UP FOR CONSIDERATION BEFORE TRUSTEES

Startling Facts Presented to Board to Show Evil of the 3 o'clock Dance

YOUNG PEOPLE SERVED WITH LIQUOR WHILE HERE

No one Allowed in the Hall Under the Influence of Liquor.

At the meeting of the city board of trustees Monday evening Mr. Dagert, representing the Pioneer Rubber Manufacturing Company, appeared before the board and asked for the return of the check which his company furnished when the board awarded it a contract to supply the city with fire hose. Fire Chief Ryan explained that the reason the board held the check was because the couplings on the hose would not fit the old hose owned by the city. Mr. Dagert stated that his company would change the couplings.

Agent Dains of the Southern Pacific Company appeared before the board and explained that the contractors who were repairing street crossings in the city desired to put the foundation in on the Broadway street crossing before they finished the Main street crossing so that they might put bitumen on both crossings at the same time. The board did not care to have both crossings closed at the same time, but granted the request when it was learned that the work would start immediately and would be finished in a few weeks.

A request from Court Madrone for a permit to hold a dance on February 19 and March 5 brought out considerable discussion. The lodge has been conducting 3 o'clock dances in the past and the board desires to stop dancing after 1 o'clock. Trustee Tuchen called the attention of the board to the fact that unless something was brought to bear to convince him differently he would not favor granting a permit for a dance later than 1 o'clock.

Mayor Ryan asked if there was anyone present from Court Madrone who wished to be heard. John J. Read addressed the board and said that the lodge had given liberally to the poor and needy of the community and that most of their revenue was derived from the dances, also that the lodge was in debt on the hall.

C. M. Dossie, who said that he represented sentiment of the Congregational church, gave his views and reasons for closing the dances early.

Mrs. Haynes of the juvenile court stated that on three occasions Judge Buck called her into court to investigate certain matters regarding the sale of liquor to children. She stated that she investigated the cases and found that the young people would go to the dances and dance until 12 o'clock and then go out and procure liquor. She told a very convincing story and one that carried considerable weight.

Mrs. Haynes stated that on one occasion she found a young man lying on a lawn in the vicinity of the dance hall, evidently under the influence of liquor. She based her opinion on the fact that two men carried the lad to an automobile, they being unable to awaken him.

Trustee Ryan called the attention of the board to the fact that liquor was being sold in the city and if it was stopped there would be no trouble about the 3 o'clock dances. He stated that he visited a restaurant early Sunday morning and discovered that liquor was being sold in small coffee pots.

Mr. Ryan said the reason so many out of town people attended the dances was that liquor was so easily obtained here.

Harry Lewis, in speaking of the dances, stated that his wife attended

the dances regularly and stayed till 3 o'clock and that she is respectable and he could see no reason for the complaint.

A. S. Liguori, representing the N. S. G. W., favored the 3 o'clock dancing. Rev. Mr. Stevens spoke of the evil of the dance hall.

Former Trustee Jones said that the evil was not in the dance hall but in the "bootlegging joints."

After considerable discussion the matter of granting the permits was laid over until the next meeting.

The local firemen asked for a permit for a dance on February 12. On motion a permit was given, dancing to close at 1 o'clock.

Mr. Dossie, the painter, made a complaint that sign artists from other towns were coming into the city and painting signs without a license, and that it was unfair to him. He further stated that the license was too small, being only \$3 a quarter. He suggested making the license \$12.

On motion the city engineer was instructed to stake off the new pound site preparatory to moving old No. 3 fire house on it to be used as a dog pound.

INSURANCE ADJUSTERS SEE SEQUOIA THEATER WRECK

Two insurance adjusters were in Redwood City yesterday from San Francisco to appraise the loss caused by the fire in the Sequoia Theater early on Wednesday morning. It is believed that \$3,500 will cover the entire loss.

Work of repairing the building will begin next Monday. It will require at least a month to repair the structure. In the meantime moving picture shows will be given in the old Bell Theater on Main street.

About 4 o'clock on Wednesday morning Night Watchman Peter Larrecou discovered smoke issuing from the building and at once turned in an alarm. The firemen responded immediately and began subduing the flames that were in the lattice work. The firemen did good work and soon had the fire under complete control.

Had the flames had another half hour the building would have been completely destroyed. The department deserves every praise for its splendid work under most difficult circumstances.

The origin of the fire is unknown, although it is believed to have been started from spontaneous combustion in a small store room adjoining the ladies' dressing room on the left of the foyer. It was in this part of the building that the greatest part of the damage was done by the fire.

The Sequoia Theater was built four years ago by Mrs. Dugan at a cost of about \$25,000.

One of the stores in the Sequoia building recently opened as a doughnut shop and coffee house by two young ladies of San Carlos was badly wrecked. The ladies estimate their loss at \$400 and they had no insurance. They will not reopen the shop.

ROSE BARBIERI GRANTED DIVORCE ON CROSS COMPLAINT

Judge Buck on Thursday granted an interlocutory decree of divorce to Rose Barbieri from her husband, G. Barbieri, on her cross complaint that charged her husband with cruelty.

The custody of the minor child was awarded to Mr. and Mrs. T. Tamborini, grandparents of the minor. They were allowed \$20 a month for the support of the child, same to be paid by the plaintiff.

APPRAISAL OF COBURN ESTATE COMPLETED

H. W. Schaberg, inheritance tax appraiser of the estate of Loren Coburn, deceased, has filed his report. The market value of the estate is placed at \$636,749.98, the deductions and exemptions amount to \$140,700.14, leaving a clear market value subject to the payment of the inheritance tax of \$496,049.04. The amount of total inheritance tax is \$26,166.11 and is to be paid by the heirs as follows:

Sarah S. Coburn, wife, now deceased, \$16,322.78; Walter L. Coburn, incompetent son, \$4,352.01; C. H. Wideman, \$2,745.66; Judge J. A. Bardin, \$2,745.66.

The San Francisco Protestant Orphanage, Youth's Directory, Old Peoples' Home and the Hebrew Home for Orphans and Disabled were each bequeathed the sum of \$5,798.35, but they are not required to pay any inheritance tax.

KNIGHT RANCH SOLD

Charles E. Knight of this city yesterday sold his ranch, known as the Knight farm, located in the Canyada and consisting of 60 acres, to Mr. Gibson, a wealthy business man of San Francisco. The price paid for the property was \$20,000 cash. Mr. Knight holds a responsible position with the Southern Pacific Company in San Francisco. He is a commuter.

TO PARTITION ESTATE

Yesterday afternoon Edward Boicell and his two brothers, through their attorneys, Ross & Ross, brought an action in the superior court against their sister, Mrs. Lena Zinola, and their nephews to partition the Boicell estate, consisting of a large tract of land on the highway south of Redwood City and small parcels of property at Colma, San Bruno and other places.

THE WEEK'S EVENTS IN LOCAL CIRCLES

O. E. Bergman, since becoming sole owner of the garage and machine shop at Five Points, has enlarged the capacity of the building so that he is prepared to handle all work entrusted to him. Mr. Bergman is in a position to repair motors, bicycles, etc., with promptness and at prices that will surprise the most exacting.

The numerous guests at Hotel Sequoia gave a pre-Lenten party Tuesday evening. The parlor upstairs was cleared and dancing was indulged in. Several of the talented musicians among the guests favored the audience with choice selections. Tempting refreshments were served after the dancing. It was an enjoyable occasion.

K. V. Frame, who conducts a large shoe store at Benicia, has leased the store in the Sequoia building recently vacated by M. Millock. A large stock of shoes is to be put in at once and the latest machinery for repair work will be installed. A. Pezzini, who was the foreman for Millock, is to manage the store. Not only is he an expert mechanic but a skillful salesman as well.

Louis J. Mills, the consulting engineer with offices in San Francisco, who has an attractive residence in Redwood Highlands, has arrived at home from a trip to Johannesburg, South Africa. He left last September. During his stay the weather was ideal, it being springtime there. Mr. Mills made a thorough investigation of the gold mines there for a big corporation. He also visited the diamond fields. He is enthusiastic in his praises of that far off country.

Mr. Mills is a son of the late D. J. Mills, for many years superintendent of the Bear Gulch Water Company. Mr. Mills is a Stanford graduate. Mr. and Mrs. W. H. Kelso, who have been living in San Francisco for some time, moved down last Saturday to occupy their beautiful home on Roosevelt avenue. Mr. Kelso is chief clerk in the quartermaster department at the Presidio.

Mrs. Laurence Heiner has gone to Los Angeles to spend two weeks with her cousin, who was formerly Miss Louise Mouroi.

Werner Britschgi, who was critically ill at the Redwood City Hospital during the week with an attack of pneumonia, is recovering and will soon be convalescent.

The freshman class of Sequoia Union High school gave a valentine party in the art room of the school Thursday evening. Miss Emma Neff was the teacher in charge. Valentines were exchanged and prizes given for the various performances of the young folks. All had a delightful time.

The Broadway crossing at the depot has been closed this week while the Southern Pacific Company is putting down a concrete pavement. Motorists are compelled to cross Brewster street to get to the highway.

Miss Mary Murray is home for a few days' vacation from the conservatory of music of the College of the Pacific at San Jose. She is a talented musician, her favorite instrument being the violin, on which she performs most exquisitely. Her brother Robert is in the east attending the College of the City of New York and also holds a responsible and lucrative position in a large brokerage firm in that city.

Dr. Bartlett is completing a beautiful residence in Redwood Highlands. He will be able to move in about the middle of the month. The doctor is a prominent dentist of San Francisco.

Prof. S. P. McCrea has been in attendance at the annual convention of high school principals of the state at San Rafael all week. The meeting was instructive, as some of the ablest teachers in California were present and read papers on educational subjects.

The Mystic Shrine pageant in the Pacific Auditorium, San Francisco, on Thursday, at which there was an attendance of 10,000 people, was well attended by people from Redwood City. Over 40 persons represented this city.

J. H. Machado, the assistant district attorney, left yesterday for Santa Barbara to argue an important case before Judge Crowe of that county. Mr. Machado will be gone for four or five days.

Yesterday afternoon Edward Boicell and his two brothers, through their attorneys, Ross & Ross, brought an action in the superior court against their sister, Mrs. Lena Zinola, and their nephews to partition the Boicell estate, consisting of a large tract of land on the highway south of Redwood City and small parcels of property at Colma, San Bruno and other places.

CARD OF THANKS

We wish to express to our many friends and neighbors our heartfelt gratitude and appreciation for all the kindnesses, for the beautiful floral tributes and expressions of sympathy during our recent bereavement in our loss of a loving wife and mother.

LA HONDA SHINGLE FACTORY IS INCORPORATED

Articles of incorporation of the La Honda Shingle Company were filed this week in the office of the county clerk.

The company has been formed for the purpose of making shingles, lumber, posts, ties, stakes and cord wood and for that purpose to build railroads, flumes, roads and mill buildings, and to buy, lease or otherwise acquire timber lands and mill properties. The principal place of business will be at La Honda.

The capital stock consists of 250 shares of the par value of \$5.00 each, of which J. D. Clark and C. Kester have subscribed 52 shares each and L. H. Lukens 51 shares.

REICHAERT ESTATE APPRAISER'S REPORT

H. W. Schaberg, inheritance tax appraiser of the estate of Otto H. Reichardt, deceased, has filed his inventory and appraisal. The total value of the estate is placed at \$171,995.44. It consists of cash, stocks, bonds and real property.

Among the assets are 800 dozen ducks at \$20 a dozen, \$16,000; 45,576 pounds of ducks in cold storage valued at \$17,320; feed for the ducks, \$15,000; five trucks, \$7,650; outstanding bills, \$18,993.23; the machinery at the plant at Colma, \$10,900; the home at San Mateo, \$20,000; the plant at Colma, consisting of 18 acres of land, improvements, etc., \$30,000.

Reichardt started a duck ranch some ten years ago at Colma on a small scale and gradually developed it until it became the largest in the world. He committed suicide at San Mateo last year.

MARY A. KERRIGAN LOSES CASE ON APPEAL

The plaintiff in the case of Mary A. Kerrigan against Deborah Anderson has lost her appeal to the appellate court in not having the bill of exceptions filed in proper time. The case was brought last year against her sister, Miss Anderson, to have deeds to certain realty in the northern part of the county set aside. Their mother before she passed away transferred the property to her daughter, Deborah Anderson, who cared for her during her declining years and at her last illness. The plaintiff after the death of her mother brought suit to set aside the deeds on the ground of undue influence. The case was decided in favor of defendant. Mrs. Kerrigan gave notice of appeal to the higher tribunal. The bill of exceptions was presented to Judge Buck for settlement on January 8, 1921, more than six months after the time allowed by law for presentation. The court refused to settle them. The appeal was therefore lost. Swart and Machado were the attorneys for plaintiff.

TO TALK TAXATION

Frank D. Stringham, an eloquent attorney of San Francisco, will appear at the civic auditorium in this city next Tuesday evening at 8:15 to explain the provisions of the King tax bill. He will appear under the auspices of the Tax Investigation and Economy League. Everyone is invited to come and hear him.

TUCHSEN IS APPRAISER

Judge Buck on Thursday appointed H. C. Tuchen inheritance tax appraiser of the estate of Henry P. Bowie, deceased. The value of the estate is probably in excess of \$200,000.

ACTIONS FOR DIVORCE

Julia B. Phillips has brought an action in the superior court against her husband, Theodore Phillips, for an interlocutory decree of divorce on the ground of desertion. The couple was married at Oakland on February 26, 1916, and separated on September 18, 1918. They have a minor child, Dorothy, aged 4 years. The plaintiff asks for the custody of the child.

Louise M. Baker has also brought an action in superior court against her husband, Roy W. Baker, on the ground of desertion. The Bakers were married in Tennessee on December 12, 1912, and separated at Washington, D. C., on September 10, 1919. They have one minor child, Roy Baker, aged 7. Mrs. Baker has asked for the custody of the minor child. James T. O'Keefe is the attorney for plaintiff.

GOING TO EUROPE TO DEVELOP FOREIGN TRADE

When P. C. Hale, first vice president of the Bank of Italy and president of Hale Bros., Inc., O. A. Hale & Co. of San Jose and J. M. Hale Company of Los Angeles, left the 4th inst. for New York, from which port he sails February 11 to engage in a six months' tour of continental trade centers, California took an important step in the development of foreign trade.

Wide interest in Mr. Hale's journey is forecast among bankers and merchants of the state, because of his broad experience in analyzing market conditions. It is generally believed that of the many financiers and diplomats who have undertaken similar expeditions none is better qualified to speak with real appreciation of trade conditions than Mr. Hale.

California in particular will benefit greatly from this extended investigation, although matters that are of interest and importance to the eastern markets will be freely distributed by the bank. Arrangements are being made to see that Mr. Hale's reports as sent back to this country are given proper publication in those districts where they are applicable and among the banks and commercial institutions whose interest is especially pertinent. Particular effort will be made to see that all local organizations interested in receiving the benefit of these trade reports are properly advised of developments.

Mr. Hale expects to visit in turn Naples, Constantinople, various Italian cities, Paris, Switzerland, Germany, Austria, the Balkans, Moscow, Petrograd, Sweden, Norway and England. It is probable that additional points will be added to the list as the journey progresses.

Accurate information of conditions in European markets has proved difficult to obtain and reports have seemed to vary in even essential details. The observations of a skilled merchant, experienced in judging market conditions, is what the bankers and manufacturers have been awaiting.

NEW YORK STANFORD CLUB HONORS FREE

Arthur M. Free, congressman-elect from this district, will be given a dinner in New York some time after his arrival in Washington by the Stanford Club of New York. Two other Stanford men, Phil D. Swing of Imperial county and Kary Hayden of Arizona, will sit in the house of representatives. All are members of the class of 1901.

CRUSADE AGAINST THE ILLEGAL SALE OF WET GOODS

Saddle Rock Restaurant Must Close After Short Period of Operation.

STRONG EVIDENCE AGAINST THE NOTORIOUS RESORT

Proprietor and Manager Deny that Intoxicants Were Sold by Them

At a special meeting held Thursday evening the matter of revoking the license of A. Baradat was brought up for consideration.

A charge was made against D. S. Wright and A. Baradat, manager and owner, respectively, of the Saddle Rock restaurant, for selling intoxicating liquor.

A witness was called and sworn who said that he was in the restaurant on the evening of February 8, in company with a friend, and after partaking of a lunch called for "some good whiskey." The waiter, after a few questions, brought in the liquor. The witness said that he smelled the fluid and made the remark that "It smelled like good stuff," to which the waiter replied that it "was 105 proof." After a few minutes the witness called for two more drinks, which were furnished. The witness stated that he paid \$2.40 for the service, which was rung up on the cash register.

Mr. Baradat stated that to his knowledge no liquor was sold in the place and asked for an extension of time in order to reply to the charge. After being questioned as to why he wanted more time in the matter he replied that his attorney was in Sacramento.

The board thought that he had been granted ample time and wanted the matter brought to a close.

It was intimated that Mr. Baradat himself had sold liquor in the restaurant Sunday morning.

THE DEATH OF LINCOLN

By William Cullen Bryant
Oh, slow to smite and swift to spare,
Gentle and merciful and just!
Who, in the fear of God, didst bear
The sword of power a nation's
trust:

In sorrow by the bier we stand,
Amid the awe that hushes all,
And speak the anguish of a land
That shok with horror at thy fall.

Thy task is done; the bonds are free;
We bear thee to an honored grave,
Whose proudest monument shall be
The broken fetters of the slave.

Pure was thy life; its bloody close
Hath passed thee with the sons of
light,
Among the noble host of those
Who perished in the cause of right.

LINCOLN'S BIRTHDAY

The people throughout the nation
are today celebrating the anniversary
of the birth of Abraham Lincoln,
the great emancipator. The
splendid patriot and statesman will
live in memory as long as the nation
lasts. His wonderful achievements
in the cause of humanity and liberty
will always be an inspiration to the
young men of the country. No man
is dearer to the American people

than Abraham Lincoln. He is nearer
to the hearts of the common citizen
than any other man in history, save
and except George Washington. Both
won enduring fame. Neither time
nor conditions will ever efface their
names from the brilliant pages of
history. They will live forever en-
shrined in the hearts of the people.

LINCOLN TO GENERAL HOOKER

Major General Hooker:

General: I have placed you at the
head of the Army of the Potomac.
Of course I have done this upon
what may appear to me to be sufficient
reasons, and yet I think it best
for you to know that there are some
things in regard to which I am not
quite satisfied with you. I believe
you to be a brave and skillful soldier,
which of course I like. I also
believe you do not mix politics with
your profession, in which you are
right. You have confidence in your-
self, which is a valuable, if not an
indispensable quality. You are ambitious,
which, within reasonable
bounds, does good rather than harm;
but I think that during General
Burnside's command of the same
army you have taken counsel of your
ambition and thwarted him as much
as you could, in which you did a
great wrong to the country and to a
most meritorious and honorable
brother officer. I have heard in such
a way as to believe it of your recently
saying that both the army and the
government needed a dictator. Of
course it was not for this, but in
spite of it, that I have given you the
command. Only those generals who
gain successes can set up as dictators.
What I now ask of you is military
success, and I will risk the dictatorship.
The government will support you to the
utmost of its ability, which is neither
more nor less than it has done and
will do for all commanders. I much
fear that the spirit which you have
aided to infuse into the army, of criticism
in their command

der and withholding confidence from
him, will no turn upon you. I
shall assist you as far as I can to
put it down. Neither you nor Napoleon,
if he were alive again, could get
any good out of an army while such
a spirit prevails in it, and now be-
ware of rashness. Beware of rash-
ness, but with energy and sleepless
vigilance go forward and give us
victories. Yours very truly,
A. LINCOLN.

THE STANFORD POSTMASTER

Petitions are in circulation in Palo
Alto and on the Stanford campus
asking for the appointment of Mar-
tin De Vries, a senior student in the
economics department, as university
postmaster. De Vries is a resident
of Palo Alto.

The request for the appointment of
DeVries is based on a general feeling
that a Stanford man should hold the
Stanford postmastership. It is ex-
pected that with the change in ad-
ministration a successor to the in-
cumbent, George Meekins, will be
named and it is hoped in many quar-
ters that De Vries will be the ap-
pointee.

De Vries was in Red Cross work
during the war and is now complet-
ing his course at Stanford. He is
prominent in debating on the cam-
pus.—Palo Alto Times.

Stanford University cannot expect
much from the new administration,
for the institution fought with all
its might the Republican party at
the last election. The faculty and
students were a unit for Cox and
Phelan. There was not a supporter of
Samuel M. Shortridge at the univer-
sity. Mr. Harding and Mr. Shortridge
received only a negligible vote there.
Palo Alto was not much better. The
supporters and workers for Harding
and Shortridge were few and far be-
tween. Now that victory has been
won by the workers of the party, the
drones are out for office. But they
are known. The leaders of the Re-
publican party know who did the
work and patronage will be parcelled
out only to those who labored in the
cause. No others need apply.

HAYES GOES BACK TO WASHINGTON

Ex-Congressman E. A. Hayes of
San Jose was here on Tuesday on his
way to San Francisco, where he took
the eastbound train to Washington
to begin his duties as a member of
the war finance corporation, to which
position he was appointed last week
by President Wilson. The position
carries a salary of \$12,000 a year.
Mr. Hayes called on old friends and
admirers and bade them farewell. Mr.
Hayes will be in Washington one or
two years. The finance board has to
do with winding up the financial af-
fairs of the world war. It is some big
job. Mr. Hayes was the ranking Re-
publican member of the house com-
mittee dealing with war finances and
played an active part in the creation
of the federal reserve bank. The
ability displayed in this work won
him the place. He is considered one
of the ablest financiers in the coun-
try.

Where is the "Deficit?"

"No appropriation should be considered where the need is not
urgent."
—Message of Governor Stephens to the 1917 Legislature.

The people voted, in November, additional
State costs totaling \$18,000,000.

Governor Stephens in his message to the 1921 legislature declares:
"... it is because of this voluntary action by the people them-
selves that the financial difficulties referred to have arisen."

Let Us Consider the Facts

State officials estimate our income for the
next two years at \$67,000,000
Charge up against this the 1919-1921 bud-
get, which was \$47,000,000, and then add
the \$18,000,000 voted by the people for the
next two years. The total is 65,000,000
We would still have left in the treasury \$ 2,000,000

Two Million dollars left, after paying every cent the people of Cali-
fornia ever voted to pay.
Two Million dollars left, after paying for every State expense at the
rate we had to pay when costs were higher than they will be again for
many years.
Two Million dollars left, after re-appropriating in full for the vast
burden of "unnecessary duplications and unnecessary waste" which
Governor Stephens admits now exists in the State government.
Two Million dollars left, after we Californians spend for our State
government twice as much as the average citizen of other states.

Who Wants This Money?

Yet Governor Stephens declares "it is
because of the voluntary action of the
people themselves that the financial dif-
ficulties referred to have arisen."
Governor Stephens goes further. He
goes \$15,000,000 further.
After we have paid every dollar that we
paid in 1919-21, and after we have paid
every dollar we voted to pay at the No-
vember elections—after we have pro-
vided a surplus of \$2,000,000 for emer-
gencies, Governor Stephens calls for
\$15,000,000 more.
Other states are economizing. Illinois
in one year has reduced her governmental
costs \$2,500,000.

Yet California State officials call upon
the people for \$15,000,000 above all
amounts previously spent or now au-
thorized.
Already California is spending vastly
more than her sister states which are
now reducing their budgets. The per-
centage government costs for actual run-
ning expenses (as distinct from interest
and new investments) are shown by the
1919 U. S. census report to be as fol-
lows:

Average for all states.....\$5.16
Illinois 3.48
California 7.76

These Things Are True

The people have created no deficit, and there is no deficit.
The extra \$15,000,000 now demanded by state officials is over and
above all appropriations ever made in the past and all new expenses
authorized by the people. No increase of any tax rate is necessary.
Ask your legislator to demand that the state live within its income.

Prices have come to a stable level. At present there is nothing to indicate further drops unless it is the lowering of the general wage scale. Almost universally materials have come back to normal—wages have not suffered any such reduction. Hence an ideal situation exists; a higher standard of living is possible. Hasten nation wide prosperity by creating business confidence. Appreciate the great reductions the merchants have made. Take advantage of the opportunity to get higher values at reduced prices. Compare the prices of today with those of a year ago and you will realize that commodities are a great deal lower today than they were then.

Linseed oil that sold for \$2.75 per gallon during the war is today \$1.25 per gallon.

Turpentine which sold for \$2.50 per gallon is now selling for \$1.40 per gallon, etc., prices which have without a doubt reached bottom. There is no longer any cause to delay giving that house the coat of PAINT it has been needing so badly.

BASS-HUETER PAINTS

will give you real paint protection. BASS-HUETER carries more oil, covers more surface, covers better and wears longer—that's our guarantee.

SHOES

Let's meet the readjustment conditions fairly and squarely. The uncertainty of the last six months now seems to have settled to a stabilized level. Consumer, retailer and manufacturer can now make purchases with assurance and confidence.

The proof of the foregoing is found in our present prices. Men's Walk-Over shoes that were retailing at \$16 and \$18 some months ago are now marked \$10 and \$12.50. Last July women's high lace shoes wholesaled to the shoe merchant so as to justify a price of \$16 and \$18. Today we are able to sell the same shoes for \$10 and \$12.50, showing a drop of about 25 per cent.

The lower price level means larger business and larger business is the foundation of expansion, development and Prosperity. Buy Now!

DRY GOODS

Prices Have Fallen

High cost of living has been greatly lowered so far as dry goods are concerned. There have been drastic reductions. No one need now pay the top price for dry goods or ladies' ready-to-wear. Our prices are as low as, and even lower than in some instances, the cost of production. In our opinion some lines of goods will be higher in sixty days than they are today. Now is the time to buy. COUNTY BOARD IN REGULAR SESSION

The board of supervisors met in regular session Monday, February 7.

The board took up at this time the matter of the hearing of the petition of Asa E. Hull and others in the interests of the Spring Valley Water Company for the closing of that portion of the Canyada road from the point known as the Circle and the junction of the Woodside road to the Halfmoon Bay road, the Spring Valley Company offering to the county another road on the east side of the Crystal Springs lake to take the place of the one asked to be closed.

The petitioners are represented at the hearing by Judge E. F. Fitzpatrick of Redwood City, who had William Lawrence, superintendent of the Spring Valley Water Company sworn to testify as to the reasons for desiring the above road closed, the latter stating that the new road offered the county is already made and macadamized.

An order prepared by Judge Fitzpatrick, and which he explained had been approved by District Attorney Swart, calling for the abandonment of the road in question, was adopted, on motion of Mrs. Brown, seconded by Hickey.

A deed to the new road on the east side of the lake presented by the Spring Valley Water Company was then accepted by the board, on motion of Mrs. Brown, seconded by Mr. Hickey. The road accepted by the board is known as the Woodside-Crystal Springs road.

A communication was received from the state director of agriculture, giving the names of the men who passed the recent examination conducted in Redwood City by the state board of horticulture for county horticultural commissioner and thereby became eligible for appointment to the position made vacant by the resignation of H. E. Woodworth. The names follow: R. D. Hartman, Los

Gatos; Ranaud Caudron, Tulare county; P. W. Riley, Visalia; A. W. Tate, Jr., district apple inspector, Watsonville.

Following the reading of an application from R. D. Hartman for the position the board, on motion of Mrs. Brown, seconded by Francis, appointed A. W. Tate of Watsonville county horticultural commissioner at a salary of \$6 a day.

In accepting the position Tate thanked the board for the appointment and stated he would be ready to assume the duties of the office on February 15, which arrangement met with the approval of the supervisors.

R. D. Hartman also addressed the board in the matter, explaining that the reason he had delayed filing his application for the position was on account of his not yet having received his certificate of eligibility from the state horticultural commission.

On motion of Hickey, seconded by MacBain, the board ordered the payment of the claim for \$1,613.37, covering a refund due the city of Burlingame on taxes collected by the county on what is known as Highlands and Hale tract, recently annexed to the above municipality.

W. J. Graef, inspector in charge of the squirrel extermination work conducted in San Mateo county under the supervision of the United States public health service, appeared before the board in connection with the request made at the last meeting that he state in his report just where the work is being done in the county.

Graef explained that at the present time he has only one man assisting him in the campaign and activities are being confined to the east side of the county, the west side being taken care of by the county horticultural commissioner, who has a man employed on the coast side. Graef said he would incorporate in his monthly report the places where the work is being done under his direction.

A petition signed by Adolph Schenoni and 51 other residents and taxpayers of the Colma lighting district was received asking for the installation of three additional lights, one at the corner of Abbey and Price streets, one at the corner of Geneva and Price streets and one at the corner of Castle and Wyoming streets.

The request of the petitioners was granted on motion of Hickey, seconded by Thompson.

A certified copy of the request of Superior Judge George H. Buck for the names of 100 trial jurors to be supplied by the supervisors from their respective districts was presented by the clerk, Mrs. Nash.

A communication was received from T. Ahern, division superintendent of the Southern Pacific Company, in regard to a former communication addressed to the board requesting action to be taken by the supervisors to limit the speed of automobiles on the highway near the Bay Shore yards of the company in the first township. Supervisor Hickey addressed the board in the matter, stating that there is no provision in the statutes giving the supervisors power to regulate the speed of automobiles or other vehicles in the above case.

A second communication was received from Superintendent Ahern complaining about the flooding of the tracks in the vicinity of the Southern Pacific yards. Supervisor Hickey explained that this was due to the recent heavy rains, but principally to the closing up by the company of the old natural channel leading from the company's property to the bay. Both communications were ordered filed.

A communication was received from Horace Amphlett, secretary of San Mateo Lodge, No. 1112, Benevolent and Protective Order of Elks, in which he stated that the lodge is about to start a campaign among its members to raise funds to assist in furnishing the county detention home in Redwood City. The communication was ordered filed.

Supervisor Hickey addressed the board relative to the recent report of the grand jury and especially to that part condemning the supervisors for considering the building of a new county hospital at this time.

Following the reading of the report, which was ordered done on motion of Hickey, seconded by Mrs. Brown, Hickey again addressed the board and took exception to the action of the grand jury in its criticism of the board. The representative from the first township suggested that the board have the report of Dr. Lucas, the expert, published, wherein he showed the urgent necessity of San Mateo county having a new hospital.

He questioned whether the members of the grand jury went into the matter as deeply as the board of supervisors did or whether they even went to the trouble of getting the report of Dr. Lucas. He called attention to the fact that he board turned down all he bids for construction work when it was found that the cost was excessive and that at the present time there is no intention on the part of the members to call for new bids.

Further action in the matter regarding publication of the Dr. Lucas report was laid over until the next meeting.

On motion of MacBain, seconded by Hickey, County Surveyor George A. Kneese was instructed to accompany the former on a trip to La Honda during the day to inspect a washout on the Redwood City-La Honda road.

A communication was received from W. Lucas Clarke, division engineer for the state highway commission, requesting that the county road from Woodside to the top of Kings mountain be improved for the convenience of the employees of the commission in carrying supplies to their camp at the latter place while engaged in surveying work for the Sky-line boulevard.

Supervisor MacBain addressed the board in the matter and stated that there is no money available in his road fund to make the improvements asked for, and that further the surveyors employed in the above work now have their camp moved to the La Honda road and are no longer using the Woodside-Kings mountain road. He also stated that most of the damage to the latter thoroughfare was done by the trucks of the highway commission.

Supervisor Brown addressed the board relative to protecting the new road just acquired from the Spring Valley Water Company against heavy traffic. Following discussion in the matter it was ordered, on motion of Mrs. Brown, seconded by Hickey, that District Attorney Swart be requested to amend the present traffic ordinance relating to the weight of loads over the highways of the county so as to protect the above road.

Supervisor Hickey, who is a member of the committee to investigate securing rights of way for the road east of the railroad, addressed the board and stated that he had secured blue prints showing all present streets along the proposed route of the road between Boreford and San Bruno and had taken up with three of the largest property owners the question of acquiring free rights of way. He said he would have additional information in the matter within the next week, when he would submit a further report to the board.

FAMOUS OPERA STAR WILL BE HEARD AT CHAUTAUQUA

A Metropolitan Opera star will appear at the Chautauqua to be held here in May in the person of Frances Ingram; according to an announcement just made by the Ellison-White Chautauqua system.

Frances Ingram, contralto of the Metropolitan Opera company, formerly of the Chicago Opera Association, has long been recognized as one of the stars of the first magnitude in the firmament of song. In addition to a great natural voice, which has been termed by many competent critics the most exquisite contralto of the decade, she has an extraordinary personality which combines to make her an artist whose name will go down in history as one of the adored of the musical world.

Miss Ingram's operatic and concert successes have been equally great. Her recital programs attract musical attention because of their diversity and her evident desire to make a popular as well as an artistic appeal.

MENLO PARK NEWS OF ALL SORTS

Miss Isabelle Weeden, who has been visiting friends in Berkeley, has returned to her home.

The Misses Harrington spent the week-end in Oakland at the home of their grandmother.

An incipient fire started, at the home of Mrs. C. M. Wood on Thursday. The fire department was called out and stopped the blaze before any damage was done.

A number of men are engaged in erecting small bath houses around the big swimming pool at St. Patrick's seminary for the use of the students when the weather becomes warmer.

The Companions of the Forest were entertained at a banquet given in their honor by the American Foresters at Palo Alto on Thursday evening. Those who attended are loud

in their praises of the hostesses. It was an enjoyable occasion.

H. G. Stevenson has sent a check for \$25 to the Menlo Park fire department as a small token of appreciation for the efficient services rendered in putting out the fire recently started in the Stevenson home at Atherton. The money has been placed in the accident and liability fund, which fund has a balance of over \$500. This money is to be used in caring for firemen who are injured in the discharge of duty.

Miss Nellie McCarthy and J. H. Clay were united in marriage in San Francisco last Saturday evening. It was a quiet affair. Mr. and Mrs. Clay are spending their honeymoon at Long Beach. They will reside in Berkeley. Mr. Clay is an expert accountant.

Mr. and Mrs. T. McNeff have gone to Savannah, Georgia, to reside. They have sold their home in the Dominga tract. Later they expect to make a trip to Ireland, their old home.

B. Liedberg, the express messenger has purchased the property formerly owned by the late Thomas Fitzgerald between Oak Grove and Glenwood avenues. Mr. Liedberg is to reside there. The cottage is to be improved by him.

A pool room is to be opened in the old Victory restaurant in the Maloney block by a Palo Alto sportsman. The place is now being repaired preparatory to its opening early next week.

William Henry Mitton and Mrs. Victoria Mitton former residents of Menlo Park, are on their second honeymoon, following their marriage. The ceremony was performed at the City Hall in San Francisco by Judge E. P. Mogan. Mitton said he and his wife had been divorced sixteen years and have children grown and married. "Our differences seemed great at the time of the divorce," he said. "But we forgot them and we are going to start all over." He is steward in a hospital at Stockton.

Communion of the Lord's Supper will be administered at 7:30 o'clock in the Presbyterian church tomorrow evening by Rev. H. W. Harbaugh, pastor.

The annual diocesan convention of the Episcopal church was held this week in San Francisco. The delegates from Trinity church were John Daley, Harry Weeden, P. P. Wilson, Mr. Panisa and W. B. Weir. The delegates to the House of Churchwomen were: Miss Meta Kugeler, Mrs. William Warren, Mrs. Bates, Mrs. L. P. Booz and Mrs. F. P. Wilson.

John Cullen has purchased the Bonifant cottage in the Dominga tract. Mr. Cullen is going to improve the property at once.

Mrs. Frances Logan, who underwent an operation in the Red Cross hospital in San Mateo, is getting along nicely and will be able to return to her home shortly.

Not in four years has the water in the Bear Gulch Lake been so high. It has reached the high water mark and the supply from the upper end of the lake has been shut off, turning the stream into the Searsville lake. It will be good news for the consumers of the Bear Gulch Water Company to now learn that the telephone has been changed to Menlo Park from Redwood City, thus avoiding the toll of five cents. Patrons may now communicate with the office without the extra expense. The number is 1940-J-K-I. The company has erected at a cost of \$3000 a cottage for the foreman at the lake. Further improvements are contemplated this year.

M. I. Piers, the dairyman, has bought the Mrs. Wilbur place on the Willow Road opposite the Base hospital. He has had a lease on the property for several years. It contains 20 acres and fine improvements including a splendid artesian well. The sum of \$25,000 was paid for the realty.

LETTS AND WITTE

Robert J. Letts of the above firm has returned from a trip to Sacramento where he went to investigate the famous Natoma lands of the Sacramento Valley. These lands are along the Sacramento river less than five miles from the Capital City, and are conceded to be the richest lands in the world. Truck gardens, huge fields of alfalfa and dairy ranches are springing up like mushrooms over all parts of this vast area of fertile land. The never-failing water supply of the great Sacramento river furnishes an abundance of water to irrigate as often as desired, so that a dry season is not feared by the Natoma land owner. Many of the most successful farmers from Iowa, Minnesota, Illinois and the Dakotas are settling on these lands, which is sufficient evidence that it must be of the highest character, as these thrifty farmers know soil. Letts and Witte are exclusive agents for San Mateo county for the Natoma lands and will be glad to talk to anyone interested.

MRS. H. M. COVERT WILL

SPEND SUMMER IN OREGON
Mrs. H. M. Covert, a farmer resident of Redwood City but who for the past six months has been residing at Burlingame, visited friends here during the week prior to her departure for Oregon to spend the spring and summer months with her sister, Mrs. Howard, there. She has received news of the promotion of her son, Harley, who is an engineer in the U. S. Navy, from a senior lieutenant to lieutenant commander. He served in the navy during the war, making a splendid record. Before the war he was an engineer on the steamer Harvard. Young Covert attended the grammar school here in boyhood. After graduating he went to San Francisco. His father, who died many years ago, was at one time engaged in the real estate business here and in San Francisco.

GOTTIEB TRIBOLET PASSED AWAY AT HOME OF DAUGHTER

Gottlieb Tribolet, a pioneer of Redwood City passed away at the home of his daughter, Mrs. A. Nelson on Vera avenue yesterday morning from old age and infirmities. The deceased was a native of Switzerland, aged 81 years. Coming to Arizona when a young man he engaged in mining. Forty years ago he came to Redwood City and for many years was employed in the Frank Tanning Company's plant here, afterwards engaging in the hotel business. For a great many years he conducted the Farmer's Home, well-known eating house located where Henry Low's fruit store now is on Broadway. He and his faithful wife conducted the resort with success for a number of years.

Mr. Tribolet was an honest, upright man who believed in justice to all and was fair in his dealings with his fellow man. His wife predeceased him three years ago. Since retiring from business many years ago he made his home with his daughter. She ministered to his every want, caring for him like a mother in his last illness.

He is survived by the following children:

Henry, Frederick, Edward, John and William Tribolet and Mrs. A. Nelson.

The funeral will take place tomorrow afternoon at 2 o'clock. Interment in Union cemetery.
